WARNING: Hot wax just got way hotter.

I was called upon to direct a Man-waxing/Pejazzling photo shoot at the [sexiest spa in Manhattan](#) today, [face to face nyc](#) in Chelsea, for Details magazine. Clearly I've established myself as the go-to girl for any [body-bedazzling](#) ventures. My father is so proud.

Enrique – who's just as jacked as DJ-Rico if not more – went to work, waxing off (or pretending at least) all the hair on DJ's entirely hairless body.

And now, the sneak peak, from earlobes to crystal Hotty bling, here are some shots I snapped from the shoot, for your viewing pleasure:
