(Enrique Ramirez & Matthew @ Vig 27)

Celebrating six years of serving the gay community, [Face to Face](#) [spa](#) gayed it forward on Friday with an [anniversary bash](#) at [Vig 27](#). DJ **Brenda Black** had the blemish-free boys bumpin'-and-grindin' in between snacking on chocolate cake (in gay-appropriate mini portions, natch) and grabbing gift bags from the Chelsea beauty mecca.

With the warm weather coming soon (though not soon enough!) We asked Face to Face owner **Enrique Ramirez** what skin regiment is essential during the summer months. "I don't know why but a lot of people don't clean their skin with a facial scrub or a cleansing mask," Ramirez opined. "In the summer [your skin] gets really oily so people need to clean the pores. I advise people to put [a scrub] on in the shower. Use it with water, massaging gently, about once a week—or you'll lose your tan." Of course our tan comes off in the shower anyway!

As PDP—public displays of pecs—become more prevalent, Ramirez says requests for body-grooming have increased as well. "Some guys say they want to have their body hair trimmed—

but they don't want it to *look* trimmed. That's always struck me as odd." Well, we spend an hour on our hair making it look like we just rolled out of bed, so we can't argue. – *Christopher Dilley*
